

Health and Safety Policy

The Company agrees that all of its work will be carried out in such a way to be compliant with the relevant statutory health and safety standards. It will take all practical measures to ensure that risks to employees and public alike are avoided.

The Company recognises its duties in accordance with the Constructions (Design and Management) Regulations 2007 and all Health and Safety issues arising from it.

Our employees acknowledge their responsibility to ensuring that the Company's work adheres to this policy. Priority will be given to Health and Safety considerations in the design and planning of projects, and when undertaking day-to-day duties.

All practical measures will be taken by individuals to ensure that their own work is carried out without risk to themselves or others.

This policy is reviewed annually or as legislation demands.
